<p>1            - - -</p> <p>2    BY MR. MIGLIORI:</p> <p>3        Q. Good morning, sir.</p> <p>4        A. Good morning.</p> <p>5        Q. My name is Don Migliori.</p> <p>6    I'm from a firm Motley Rice. I'm going</p> <p>7    to be asking you some questions today.</p> <p>8    Throughout the course of the day, I'm</p> <p>9    going to be handing papers over to you</p> <p>10   and your counsel asking you questions.</p> <p>11   Hopefully they're intelligible. If they</p> <p>12   are not, please stop me. If you don't</p> <p>13   understand what I'm asking, or if you</p> <p>14   can't hear me, I'll be glad to rephrase</p> <p>15   or slow down.</p> <p>16   I ask that all your answers</p> <p>17   be verbal so the court reporter can take</p> <p>18   down your testimony. I'd also ask that</p> <p>19   in between my question and your answer,</p> <p>20   that you give your counsel some time to</p> <p>21   interpose an objection if necessary.</p> <p>22   If you answer -- if you</p> <p>23   answer my question I'm going to assume</p> <p>24   that you've understood it. Is that okay</p>	<p>1        Q. What is Aceto Corp.?</p> <p>2        A. Aceto Corp. is a chemical</p> <p>3    importer distributor of chemicals and</p> <p>4    pharmaceutical ingredients, nutritional</p> <p>5    products, industrial chemicals,</p> <p>6    agricultural protection products.</p> <p>7        Q. Does Aceto have any products</p> <p>8    that are considered controlled</p> <p>9    substances?</p> <p>10      A. Aceto has -- List 1 and</p> <p>11    controlled substance chemicals.</p> <p>12      Q. Do they manufacture control</p> <p>13    substances or do they just supply</p> <p>14    chemicals?</p> <p>15      A. Aceto does not manufacture</p> <p>16    any chemicals or ingredients. They only</p> <p>17    import and distribute.</p> <p>18      Q. Okay. And does Aceto have</p> <p>19    any products that would be related to</p> <p>20    opiates?</p> <p>21      A. No opioid products.</p> <p>22      Q. Okay. Before Aceto, what</p> <p>23    was your employer and your job title?</p> <p>24      A. Before Aceto, I worked at</p>
<p style="text-align: center;">Page 15</p> <p>1    with you?</p> <p>2       A. Yes.</p> <p>3       Q. And have you gone through</p> <p>4    this process before?</p> <p>5       A. No. I've never been</p> <p>6    deposed.</p> <p>7       Q. Okay. So if at any time you</p> <p>8    need to take a break, I'm happy to stop,</p> <p>9    I ask that it be after a full question</p> <p>10   and answer has been completed, and then</p> <p>11   we'll take a break. Otherwise we'll take</p> <p>12   a break about every hour or so. It's my</p> <p>13   intent to not go very long today.</p> <p>14       And I'm hopeful that I can</p> <p>15   stick to that.</p> <p>16       Could you state your full</p> <p>17   name and your address, please?</p> <p>18       A. Michael DiBello, 397 Split</p> <p>19   Rock Road, Syosset, New York 11791.</p> <p>20       Q. Okay. And what is your</p> <p>21   current job and job title?</p> <p>22       A. My current job title is vice</p> <p>23   president, deputy general counsel,</p> <p>24   regulatory, at Aceto Corp.</p>	<p style="text-align: center;">Page 17</p> <p>1    Henry Schein. I was the director of</p> <p>2    regulatory affairs at Henry Schein, Inc.,</p> <p>3    in Melville, New York.</p> <p>4       Q. And what years were you</p> <p>5    there?</p> <p>6       A. I started at Henry Schein in</p> <p>7    1996 and I left Schein at 2012.</p> <p>8       (Document marked for</p> <p>9    identification as Exhibit</p> <p>10   Schein-DiBello-1.)</p> <p>11   BY MR. MIGLIORI:</p> <p>12       Q. I'm going to show you</p> <p>13   Exhibit Number 1. It's a copy for you</p> <p>14   and for your lawyer.</p> <p>15       Copy 1 -- Exhibit 1 is</p> <p>16   simply the notice for today's deposition.</p> <p>17   You are here pursuant to this deposition.</p> <p>18       In preparation for this</p> <p>19   deposition, did you have any meetings</p> <p>20   with counsel?</p> <p>21       A. Yes.</p> <p>22       Q. When were you first notified</p> <p>23   about this deposition?</p> <p>24       A. I was notified about this</p>

<p>1 deposition about a week or so ago, this  2 particular, yeah.</p> <p>3 Q. The day?</p> <p>4 A. The day, yeah.</p> <p>5 Q. Okay. When is the first  6 time that you actually sat and  7 substantively talked about your  8 testimony, either by phone or in person  9 with counsel?</p> <p>10 A. Yesterday. We sat and  11 spoke.</p> <p>12 Q. Okay. Was that the first  13 time?</p> <p>14 A. We spoke prior to that.</p> <p>15 Q. When did you speak prior to  16 that?</p> <p>17 A. I would say probably around  18 two or three weeks ago.</p> <p>19 Q. Okay. Was that on the phone  20 or in person?</p> <p>21 A. On the phone.</p> <p>22 Q. Were any documents sent to  23 you to review for today?</p> <p>24 A. No.</p>	<p>1 Q. Do you recall a gentleman by  2 the name of Shaun Abreu?</p> <p>3 A. Yeah. I recall Shaun.</p> <p>4 Q. Did you either review  5 testimony that Shaun may have given in  6 this case or did you speak with him about  7 your testimony in this case?</p> <p>8 A. No.</p> <p>9 Q. How about Mr. Peacock? Have  10 you either reviewed any testimony of  11 Mr. Peacock or discussed his testimony in  12 this case?</p> <p>13 A. I have not reviewed any  14 testimony nor discussed any of his  15 testimony.</p> <p>16 Q. And other than the documents  17 that counsel brought to you to review,  18 did you have any documents of your own  19 that you brought to counsel?</p> <p>20 A. No.</p> <p>21 Q. Did you retain any documents  22 after you left Henry Schein in your  23 position relative to your time at Henry  24 Schein? And by documents, I mean</p>
Page 19	Page 21
<p>1 Q. How long was the phone call  2 a few weeks ago?</p> <p>3 A. The phone call was  4 approximately a half hour or so.</p> <p>5 Q. And was that with your  6 counsel here today?</p> <p>7 A. Yes.</p> <p>8 Q. And the next time that you  9 spoke with counsel about this deposition  10 was yesterday?</p> <p>11 A. Correct.</p> <p>12 Q. And did you meet in person  13 yesterday?</p> <p>14 A. Yes.</p> <p>15 Q. How long did you meet?</p> <p>16 A. We met yesterday, 9:00 a.m.  17 until -- it was around 3:00, maybe  18 3:15-ish.</p> <p>19 Q. Okay. During that time did  20 you review documents?</p> <p>21 A. Yes.</p> <p>22 Q. Did you review any testimony  23 of other witnesses?</p> <p>24 A. No.</p>	<p>1 documents that would be dealing with your  2 regulatory responsibilities, particularly  3 in the area of controlled substances.</p> <p>4 A. I just want to make sure I  5 understand the question.</p> <p>6 Did I --</p> <p>7 Q. I can rephrase it if you'd  8 like.</p> <p>9 A. Yeah, could you?</p> <p>10 Q. Do you have in your  11 possession now, still, since leaving  12 Henry Schein any documents from Henry  13 Schein relative to your roles in  14 regulatory affairs as they relate to  15 controlled substances?</p> <p>16 A. I may have. I may have some  17 documents that I --</p> <p>18 Q. What kind of documents do  19 you think you have?</p> <p>20 A. Documents that I, you know,  21 worked on, were, you know, my documents,  22 work product.</p> <p>23 Q. As you know work product is  24 a loaded term. When you say work</p>

<p>1 product, are you talking about documents  2 related to actual litigation or documents  3 that were maintained in the ordinary  4 course of business?</p> <p>5 A. No documents related to  6 litigation. Documents that were  7 maintained in the order -- you know,  8 normal course of business.</p> <p>9 Q. And did counsel ask you to  10 bring those documents with you, to the  11 extent that they were related to your job  12 as director of regulatory affairs?</p> <p>13 A. No.</p> <p>14 Q. Are they in a place  15 that's -- that you -- strike that.  16 Do you know where the  17 documents are, are you able to gather  18 those documents and produce those, if  19 required by your counsel?</p> <p>20 A. I would have to locate them.  21 Yeah.</p> <p>22 Q. Okay. Any -- so all the  23 documents you reviewed yesterday for the  24 six hours or so were documents that</p>	<p>1 that every document we showed him  2 had a Henry Schein Bates number  3 from this litigation.</p> <p>4 MR. MIGLIORI: Okay. So  5 every -- every document that he  6 saw, you have produced to us?</p> <p>7 MR. McDONALD: Correct. If  8 it was from a third party, it  9 was -- it's not like Buzzeo, for  10 example, maintained in Henry  11 Schein files.</p> <p>12 MR. MIGLIORI: Right. Or  13 Rannazzisi letters.  14 Anything that --</p> <p>15 Mr. McDONALD: Correct.</p> <p>16 MR. MIGLIORI: Whatever you  17 showed him, showed up in my  18 production.</p> <p>19 MR. McDONALD: Correct.</p> <p>20 BY MR. MIGLIORI:</p> <p>21 Q. And that's all I'm trying to  22 get it.</p> <p>23 Before we get started,  24 whatever it is that you've looked at,</p>
Page 23	Page 25
<p>1 counsel brought to you?</p> <p>2 A. Correct.</p> <p>3 Q. I assume they were things  4 like e-mails and PowerPoint presentations  5 and various documents internal to Henry  6 Schein?</p> <p>7 A. Correct.</p> <p>8 Q. Were there any external  9 documents, documents from outside the  10 company that you were asked to review to  11 your knowledge?</p> <p>12 A. I want to make sure I  13 understand the question. When you say  14 documents outside the company?</p> <p>15 Q. Any documents that would be  16 from -- that would have been maintained  17 by somebody other than Henry Schein.</p> <p>18 A. Maintained by someone other  19 than Henry Schein or produced by someone  20 other than Henry Schein?</p> <p>21 Q. Either. If that's an  22 important distinction.</p> <p>23 MR. McDONALD: I'll shortcut  24 this, Don, and represent to you</p>	<p>1 I've had a chance to look at myself?</p> <p>2 A. Correct. Yeah, I just  3 wanted to make sure I understood the  4 question.</p> <p>5 Q. Sure. And you wouldn't be  6 in a position to answer that, so that was  7 a hard one.</p> <p>8 A. Okay.</p> <p>9 Q. Okay. Would you say you've  10 never had a deposition taken of you  11 before?</p> <p>12 A. No.</p> <p>13 Q. All right. I don't have --  14 do you maintain a current curriculum  15 vitae?</p> <p>16 A. <p style="text-align: center;">Page 26</p> <p>1           Q. From what I can tell.    2           A. Okay.    3           Q. It says, "Michael DiBello,    4 vice president and deputy general counsel    5 at Aceto Corp. and Rising Pharma." This    6 is you, correct?    7           A. Yes.    8           Q. And with Aceto, those dates    9 are correct, October 12th, 2012, to    10 present?    11          A. Correct.    12          Q. And your office is in Port    13 Washington, New York?    14          A. Correct.    15          Q. All right. The period of    16 time that we're going to be talking about    17 today is your time at Henry Schein Inc.    18 It says, "Director of regulatory affairs    19 and regulatory counsel, April 1996 to    20 2012."    21          First of all, those are the    22 correct dates of your employment?    23          A. Correct.    24          Q. Were you director the entire</p>	<p style="text-align: center;">Page 28</p> <p>1           were?    2           A. I'm sorry?    3           Q. Which medical devices were    4 they, that you were working on?    5           A. They were medical devices    6 which included anything from the medical    7 business -- excuse me. I have a sore    8 throat. I apologize.    9           So, the medical devices    10 included everything in the medical    11 business, which ranged from masks,    12 examination gloves, instruments, to    13 dental devices, again, you know, anything    14 that a dentist would use in their    15 practice. Generally speaking, low risk    16 devices. They didn't make drug-coated    17 stents.    18          Henry Schein did not make --    19 again, let me be clear. Henry Schein did    20 not manufacture these devices. They    21 simply had their private label name on    22 them.    23          Q. Gotcha.    24          Was that all of your</p>
<p style="text-align: center;">Page 27</p> <p>1           time?    2           A. No.    3           Q. Okay. What did you hire in    4 as?    5           A. I hired in as the quality    6 manager.    7           Q. And what responsibilities    8 did you have as quality manager?    9           A. My primary responsibility    10 was to develop and implement a quality    11 management system to certify the company    12 to ISO 9000 quality, the international    13 ISO 9000 quality system standard, and to    14 CE Mark their private label products,    15 medical dental products for    16 distribution -- they were already -- you    17 know, selling worldwide.    18          But in 1996 there were new    19 medical device directives that were being    20 implemented that required the CE Mark    21 certification for distribution into    22 Europe. That was my initial --    23          Q. Do you recall which -- do    24 you recall which medical devices they</p>	<p style="text-align: center;">Page 29</p> <p>1           responsibilities as a quality manager?    2           A. At that time, that was    3 the -- that was my primary role.    4           Q. And that started in April of    5 '96. How long did that last, that role?    6           A. Approximately two years.    7           '96, '90 -- probably into three years.    8           Q. Sometime in 1999?    9           A. Yeah. Approximately 1999 my    10 role expanded to include the regulatory    11 function and compliance.    12          Q. Before we get to that, from    13 1996 to 1999, did you have any    14 responsibilities whatsoever relative to    15 controlled substances?    16          A. No.    17          Q. And during that period of    18 time, did you have any responsibilities    19 relative to regulatory compliance in the    20 area of controlled substances?    21          A. No.    22          Q. Did you have any regulatory    23 compliance responsibilities at all in the    24 United States? I know that you had this</p>

Before we get to 1999, I</p> <p>4      want to drop really quickly to</p> <p>5      Underwriters Laboratories. It lists here</p> <p>6      from June of 1987 to April of 1996.</p> <p>7      Almost nine years you were at a company</p> <p>8      called Underwriters Laboratories?</p> <p>9      A. Correct.</p> <p>10     Q. And there you were a senior</p> <p>11     project engineer/lead quality auditor?</p> <p>12     A. Correct.</p> <p>13     Q. What were your</p> <p>14     responsibilities there?</p> <p>15     A. My responsibilities at UL</p> <p>16     included quality system audits, to audit</p> <p>17     and certify manufacturers. And those</p> <p>18     audits included military standard quality</p> <p>19     system audits for the government,</p> <p>20     including independent third-party audits</p> <p>21     in accordance with the ISO 9000 quality</p> <p>22     standard, the international ISO 9000</p> <p>23     standard.</p> <p>24     Q. Same questions, during that</p>	<p style="text-align: center;">Page 32</p> <p>1      A. Correct.</p> <p>2      Q. And then after you left</p> <p>3      Underwriters Laboratories, there's a</p> <p>4      two-year gap between 1996 and 1998 that's</p> <p>5      not accounted for, that I can see on this</p> <p>6      short bio.</p> <p>7      What did you do in those two</p> <p>8      years?</p> <p>9      MR. I see that you left</p> <p>15     Underwriters in April of 1996 and you</p> <p>16     started law school in 1998. And I'm just</p> <p>17     asking you what happened between those</p> <p>18     two years.</p> <p>19     MR. McDONALD: Okay. But</p> <p>20     his -- he shows that he is at</p> <p>21     Henry Schein in 1996.</p> <p>22     MR. MIGLIORI: Okay.</p> <p>23     THE WITNESS: I was working</p> <p>24     at Henry Schein.</p>

No.</p> <p>5      Q. In that period of time from</p> <p>6      1987 to 1996, did you have any</p> <p>7      responsibilities relative to regulatory</p> <p>8      compliance, other than the ISO 9000</p> <p>9      standards?</p> <p>10     A. No.</p> <p>11     Q. And your educational</p> <p>12     background is -- you have a BS in</p> <p>13     electrical engineering from NYU, correct?</p> <p>14     A. At the time it was</p> <p>15     Polytechnic Institute. They were later</p> <p>16     merged into -- yeah, it was NYU.</p> <p>17     Q. Okay.</p> <p>18     A. Now it's all part of NYU,</p> <p>19     but --</p> <p>20     Q. It wasn't NYU at the time?</p> <p>21     A. It wasn't NYU at the time.</p> <p>22     It's now NYU.</p> <p>23     Q. Okay. From there you went</p> <p>24     to UL?</p>	<p style="text-align: center;">Page 33</p> <p>1      BY MR. MIGLIORI:</p> <p>2      Q. Okay. So you got your law</p> <p>3      degree while you were at Henry Schein?</p> <p>4      A. Correct.</p> <p>5      Q. All right.</p> <p>6      A. 1998 I went to Touro.</p> <p>7      Q. Okay. So you went right</p> <p>8      from UL to Henry Schein. And then after</p> <p>9      two years, while you were still a quality</p> <p>10     manager at Henry Schein, that's when you</p> <p>11     started law school at Touro, correct?</p> <p>12     A. Correct.</p> <p>13     Q. Was that a part-time law</p> <p>14     school?</p> <p>15     A. Correct.</p> <p>16     Q. And you got your law degree</p> <p>17     in 2002?</p> <p>18     A. Correct.</p> <p>19     Q. And then it says, "Columbia</p> <p>20     Business School, Certificate in Business</p> <p>21     Excellence." What is that program, in</p> <p>22     2008 to 2011?</p> <p>23     A. That's a mini executive MBA</p> <p>24     program where you take X number of</p>

<p style="text-align: center;">Page 34</p> <p>1       classes and courses. I think it's 24  2       credits over a period of time, two years  3       or so. And you get a certificate from  4       Columbia Business School for their --  5       this mini MBA program.</p> <p>6       Q. Okay.</p> <p>7       A. Executive -- they call it  8       executive MBA program.</p> <p>9       Q. You don't actually receive a  10      masters in business administration, do  11      you?</p> <p>12      A. No. It's not a masters.  13      It's a mini MBA program.</p> <p>14      Q. Okay.</p> <p>15      A. Executive MBA program, they  16      call it, for executives.</p> <p>17      Q. And is that the one that's  18      actually in the business school, or is  19      that one that's part of the journalism  20      school?</p> <p>21      A. I'm not familiar with the  22      journalism school.</p> <p>23      Q. Okay.</p> <p>24      A. I think it's the business</p>	<p style="text-align: center;">Page 36</p> <p>1       affairs? Did you have any training  2       whatsoever in regulatory affairs in  3       your -- in your courses?</p> <p>4       A. No.</p> <p>5       Q. At Underwriters  6       Laboratories, you had no experience or  7       background in domestic regulatory  8       affairs, correct?</p> <p>9       A. Not domestic regulatory  10      affairs.</p> <p>11      Q. And by domestic, I mean the  12      United States.</p> <p>13      A. Correct.</p> <p>14      Q. And for the first three  15      years at Henry Schein from 1996 to 1999,  16      you had no roles relative to regulatory  17      affairs in the United States on any issue  18      including on issues relating to  19      controlled substances, correct?</p> <p>20      A. Correct.</p> <p>21      Q. All right. So we'll get  22      back up to Henry Schein. So in 1999 your  23      job title changed from quality manager to  24      what?</p>
<p style="text-align: center;">Page 35</p> <p>1       school.</p> <p>2       Q. Okay. And you got a  3       certificate in 2011 there, while you --  4       again you were still at Henry Schein?</p> <p>5       A. Correct.</p> <p>6       Q. And that I assume was  7       part-time or evenings or something like  8       that?</p> <p>9       A. It was not evenings. It  10      was -- they had credits that -- courses  11      that were either two, three, four or  12      week-long courses that you took during  13      that period.</p> <p>14      Q. Okay. And what did you  15      study in particular in that business  16      school?</p> <p>17      A. There were courses on  18      negotiation. There were courses on  19      leadership. There were courses on  20      management, communication, strategic  21      leadership.</p> <p>22      Q. Okay. So either -- in any  23      of your educational experience, did you  24      take any courses specific to regulatory</p>	<p style="text-align: center;">Page 37</p> <p>1       A. I believe it was director of  2       quality or QA.</p> <p>3       Q. Tell me how your  4       responsibilities changed in that role.</p> <p>5       A. The change was due to a  6       promotion from manager to director level.  7       And the -- the role basically changed in  8       that it expanded from corporate quality  9       management system certification to  10      rolling out the ISO certification to  11      Henry Schein's distribution centers.</p> <p>12      Q. The ISO responsibilities up  13      until this point had been for the  14      international market, correct?</p> <p>15      A. Correct.</p> <p>16      Q. Did that change to domestic  17      when you got this promotion?</p> <p>18      A. Well, it -- the  19      international certification relied on the  20      domestic certification of Henry Schein  21      corporate office.</p> <p>22      What changed was the  23      certification of the distribution  24      centers. So the expansion of ISO 9000</p>

 7 you now -- in dealing with the

11 A. 1999, no. I don't -- I  
 12 don't believe so.

13 Q. Did you have any  
 14 responsibilities relative to suspicious  
 15 order monitoring systems or standard

18 A. I don't believe so, not in  
 19 1999.

20 Q. How long did you hold that

<p style="text-align: center;">Page 42</p> <p>1       Q. Okay. So sometime between 2       1999 and 2007 you took on a role with 3       regulatory affairs, correct? 4       A. Correct. 5       Q. Whenever that was, between 6       those two dates, is that when Len David 7       became your supervisor? 8       A. Correct. 9       Q. All right. And up until 10      that point, you had no background in 11      regulatory affairs, at least as it 12      related to controlled substances, 13      correct? 14      A. Correct. 15      Q. When you became a director 16      of regulatory affairs, did you take on 17      any training relative to issues 18      concerning controlled substances? 19      A. Yes. 20      Q. When was that and what was 21      the training? 22      A. The training was ongoing. 23      We always attended seminars, conferences, 24      regardless of whether it was controlled</p>	<p style="text-align: center;">Page 44</p> <p>1       the seminars? 2       A. Correct. That's correct. 3       Q. And by trade associations, 4       did you attend HDMA conferences? 5       A. That's correct. 6       Q. All right. Any other trade 7       associations that you can recall that you 8       learned or were trained in the area of 9       regulatory affairs? 10      A. Another trade association 11      was the Health Industry Distribution -- 12      HIDA, Health Industry Distribution 13      Association. I was also a member of the 14      Food and Drug Law Institute. I was also 15      a member of the New York State Bar 16      Association, food and drug law group, 17      which also had conferences and seminars. 18      Q. Okay. Any of the documents 19      that you think you have in your own 20      possession, are any of those related to 21      any of these conferences, seminars, 22      didactic training sessions? 23      A. You mean like -- 24      Q. Manuals, CLE handouts?</p>
<p style="text-align: center;">Page 43</p> <p>1       substances, hazardous materials, FDA, 2       DEA. It was ongoing training all the 3       time throughout my entire tenure. 4       The training consisted of 5       conferences, seminars at trade 6       associations, Food and Drug Law 7       Institute, and general -- general 8       training at, you know, it could be at a 9       law firm, as well, for CLE credits. So 10      it was all of the above, and again 11      throughout my entire tenure. 12      Q. Fair to say -- 13      A. There was no formal, you 14      know, if you're looking for a formal 15      college accredited curriculum, there was 16      no formal college accredited program, per 17      se. 18      Q. Is it fair to say that your 19      training in regulatory affairs was 20      on-the-job training? 21      A. It also included on-the-job 22      training. 23      Q. Okay. In addition to the 24      conferences and the trade association and</p>	<p style="text-align: center;">Page 45</p> <p>1       A. And if I'm mischaracterizing 22 this, please correct me, but there were 23 some front line responsibilities within 24 the verifications department that were	Page 52	1 verifications department, correct? 2 A. Correct. 3 Q. And during the period of 4 time that we are talking about here in 5 2007, was it Shaun Abreu that was 6 primarily responsible for verifications, 7 do you recall? 8 A. I don't recall when Shaun 9 became the primary person. It may have 10 been 2007, but I don't remember that. 11 Q. But -- but in any event, 12 there was a -- there was a verifications 13 layer for suspicious order monitoring 14 that existed separate and distinct from 15 regulatory affairs? 16 A. That's correct. 17 Q. And whether something 18 escalated from verifications to 19 regulatory affairs, was a decision 20 made -- at this time in 2007, was a 21 decision made by the verifications 22 department, correct? 23 A. Correct. 24 Q. That is, there was no

As the orders and the 5 initial pends, and by pends, P-E-N-D-S, 6 I'm -- I'm referring to anything that's 7 triggering a potential for suspicious 8 order. All of those were handled on the 9 front line by the verifications 10 department, correct? 11 A. Please restate the question. 12 Q. Sure. 13 The orders as they came in 14 to Henry Schein for controlled substances 15 particularly, I'm talking about 16 Schedule II opioids, came first through 17 the verifications department for purposes 18 of detection or potential detection of 19 suspicious orders. Is that a fair 20 statement? 21 A. That's correct. 22 Q. Regulatory affairs only got 23 involved with pended or suspicious orders 24 if they escalated through the -- the	Page 53	1 electronic monitoring at this stage of 2 orders such that there would be an 3 automatic report of anything suspicious 4 to your department, correct? 5 MR. 8 A. When I moved into regulatory

10 responsibilities.

11 Q. Okay.

12 A. That's correct.

13 Q. But as you sit here today,

16 Q. Okay. In preparation for  
17 today, did you do anything to review the  
18 activity of Henry Schein relative to the  
19 county in which claims have been brought  
20 in this litigation; that is, Summit  
21 County, Ohio?

22 A. No.

23 Q. You're familiar with the  
24 obligations of Henry Schein to report to

Page 59

Page 61

1 the ARCOS data over time, correct?

2 A. Correct.

3 Q. And that came under your  
4 department; that is, what -- let me  
5 restate that.

6 Did ARCOS reporting, was  
7 that a responsibility of regulatory  
8 affairs or verifications?

9 A. ARCOS reporting was the  
10 responsibility of verifications.

11 Q. Okay. So that was not part  
12 of your responsibility?

13 A. Nope.

14 Q. Suspicious order monitoring,  
15 was that regulatory affairs,  
16 verifications or both?

17 A. Suspicious order monitoring  
18 was primarily a responsibility of  
19 verification.

20 Q. Okay. What role, if any,  
21 did regulatory affairs play in that  
22 suspicious order monitoring program at  
23 Henry Schein while you were there?

24 A. Regulatory was involved in

<p>1 the engagement of Buzzeo to develop an  2 enhanced suspicious order monitoring  3 process, and to implement, to help  4 coordinate and implement and facilitate  5 those enhancements to our suspicious  6 order monitoring process.</p> <p>7 Q. Okay. So just briefly, if  8 you will, what is Buzzeo and how did you  9 interact with Buzzeo at the beginning?</p> <p>10 A. Buzzeo is a consultant that  11 Henry Schein used prior to my joining the  12 company.</p> <p>13 He was consulting, I would  14 say, several years prior to joining --  15 prior to my joining the company.</p> <p>16 Buzzeo was a former DEA  17 agent. And we retained Buzzeo to help us  18 with the DEA project and on occasion, you  19 know, I mean, he did -- he did a lot. He  20 did audits for us. He advised us in  21 several different aspects with respect to  22 DEA.</p> <p>23 Q. So when you first got  24 involved with regulatory affairs sometime</p>	<p>1 thought you -- I thought you  2 stopped.</p> <p>3 MR. MIGLIORI: No, no,  4 that's fine. That's going to  5 happen. The more we talk  6 conversationally, the more that  7 happens.</p> <p>8 THE WITNESS: Sure.</p> <p>9 MR. MIGLIORI: Sometimes it  10 takes somebody outside watching us  11 to point it out to both of us.</p> <p>12 THE WITNESS: Sure.</p> <p>13 (Document marked for  14 identification as Exhibit  15 Schein-DiBello-5.)</p> <p>16 BY MR. MIGLIORI:</p> <p>17 Q. Let me show you Exhibit  18 Number 5. This is a PowerPoint  19 presentation that bears your name on the  20 cover.</p> <p>21 A. Yes.</p> <p>22 Q. I'll tell you that from  23 metadata, we're able to decipher that the  24 date of this is November 2, 2009. Okay?</p>
Page 63	Page 65
<p>1 before 2007, Buzzeo had already been  2 consulting with Henry Schein --</p> <p>3 A. That's correct.</p> <p>4 Q. -- for suspicious order  5 monitoring?</p> <p>6 A. He was consulting with Henry  7 Schein way before I took over regulatory.</p> <p>8 Q. Okay.</p> <p>9 MR. McDONALD: So let me --  10 let me tell you, just be sure he's  11 done with his question before you  12 are answering. You're doing  13 pretty good. The last one you  14 answered it halfway through his  15 question.</p> <p>16 THE WITNESS: Okay. Sorry.</p> <p>17 MR. McDONALD: Just wait  18 until he's done. He'll pause  19 occasionally. He's trying to  20 throw you off.</p> <p>21 MR. MIGLIORI: I'll try to  22 talk quicker so we can get to your  23 answer quicker.</p> <p>24 THE WITNESS: Okay. I</p>	<p>1 A. Okay.</p> <p>2 Q. Let me just show you. So  3 Cegedim Dendrite you understand to be an  4 iteration of Buzzeo?</p> <p>5 A. That's correct.</p> <p>6 Q. All right. So this is a  7 presentation that bears your name. Do  8 you recall putting this together?</p> <p>9 A. Yes.</p> <p>10 Q. Did you review this in  11 preparation for today?</p> <p>12 A. Yes.</p> <p>13 Q. And so, when you're talking  14 about Buzzeo and the consulting, we're  15 talking about the same group here,  16 correct, that you -- that you seem to  17 have presented this presentation with,  18 right? It's their watermark or their --  19 correct?</p> <p>20 A. Correct.</p> <p>21 Q. Do you recall giving this  22 presentation, actually presenting it?</p> <p>23 A. Yes.</p> <p>24 Q. And what -- what was your</p>

<p style="text-align: center;">Page 66</p> <p>1       audience? Who was your audience, the 2       annual controlled substances conference? 3           A. So the audience -- Ron 4       Buzzeo did conferences and seminars, as 5       we discussed earlier. That was one of 6       the training programs that we attended. 7           He gave annual -- at least 8       once a year, sometimes twice, so the 9       audience was distributors, manufacturers. 10       Q. This would have been your 11      competitors in the market? 12       MR. McDONALD: Object to the 13      form. 14       BY MR. MIGLIORI: 15       Q. Right? Other distributors? 16       A. Yes. 17       Q. So you're presenting at this 18      conference with other distributors Henry 19      Schein's approach to DEA compliance. Is 20      that a fair generalization? 21       A. Yes. 22       Q. Okay. These were the 23      topics. You gave a quick overview of the 24      company.</p>	<p style="text-align: center;">Page 68</p> <p>1       relates to controlled substances, 2       correct? 3           A. Correct. 4           Q. This is the excerpt from the 5       Controlled Substances Act that puts on 6       the distributor the responsibility of 7       designing and operating a system to 8       disclose to the registrant suspicious 9       orders of controlled substances, correct? 10       A. Correct. 11       Q. You wrote that "the 12      regulation clearly indicates that it is 13      the sole responsibility of the registrant 14      to design and operate such a system." So 15      you were aware of the obligation of 16      DEA -- DEA registrants like Henry Schein 17      in their sole responsibility to design 18      and operate suspicious order monitoring 19      programs for their company? 20       A. Can you repeat the question? 21       Q. Sure. That statement, 22      the -- "The regulation clearly indicates 23      that it is the sole responsibility of the 24      registrant to design and operate such</p>
<p style="text-align: center;">Page 67</p> <p>1       Is this -- was this accurate 2       at the time, that Henry Schein was the 3       largest distributor of healthcare 4       products and services to office-based 5       practitioners in the combined North 6       American and European markets? 7           A. Yes. 8           Q. And that includes, 9       obviously, controlled substances? 10       A. Yes. 11       Q. Customers include dental 12      practices and laboratories, physician 13      practices, and animal health clinics, as 14      well as government and other 15      institutions. Those were your clients? 16       A. Correct. 17       Q. Over 12,000 employees at the 18      time. Business in 23 countries. And 19      over \$6 billion in sales. That was the 20      size of the company? 21       A. Correct. 22       Q. The next slide you put here 23      basically sets forth sort of the 24      foundation of DEA compliance as it</p>	<p style="text-align: center;">Page 69</p> <p>1       a" -- "such a system." 2           That statement refers to 3       Henry Schein, correct? 4           A. Correct. 5           Q. That is, designing and 6       operating a system for Henry Schein 7       suspicious order monitoring system was 8       non-delegable. It was something that you 9       had to do yourself, right? 10       A. That's correct. 11       Q. In reference to the 12      December 2007 letter from DEA, are you 13      familiar with what's referred to as the 14      "dear registrant" letters or the 15      Rannazzisi letters? Do you recall 16      reading those? 17       A. Vaguely. In 2007. 18       Q. So the citation here to the 19      December 2007 letter. Do you have a 20      specific recollection of -- of having 21      read that at the time, or been aware of 22      it at the time? 23       A. I have a general 24      recollection.</p>

<p>1           Q. Okay. And this excerpt  2        here, this is something that you pulled  3        out from that letter for the purposes of  4        this presentation to the trade  5        association, correct, or you had it  6        pulled?</p> <p>7           A. I had it pulled out, yeah.  8        I didn't prepare it.</p> <p>9           Q. And then you go through some  10       challenges that you felt. You thought  11       this was an unclear requirement with  12       respect to knowing your customer.</p> <p>13       What -- what do you recall,  14       if anything, was unclear about the  15       obligations under the Controlled  16       Substances Act to know your customer, if  17       you can recall?</p> <p>18       A. Do I recall what -- can you  19       repeat that question?</p> <p>20       Q. Yeah. Your first bullet  21       point here says, "Unclear requirements  22       with lack of guidance. Know your  23       customer."</p> <p>24       Do you recall why you put</p>	<p>1       Do you recall the guidance provided to  2       Henry Schein and other distributors from  3       the HDMA about the "know your customer"  4       obligations, specifically in 2008?</p> <p>5           MR. McDONALD: Object to the  6       form.</p> <p>7       BY MR. MIGLIORI:</p> <p>8           Q. Do you recall that, that's  9       my only question.</p> <p>10       A. Not specifically, but --</p> <div style="background-color: black; height: 100px; width: 100%;"></div> <p>19       Q. Okay. We'll get into the  20       specifics of the process. But I want to  21       direct your attention to Page 11 right  22       now, just for a timeline.</p> <p>23       A. Okay.</p> <p>24       Q. This is your PowerPoint. So</p>
<p>1       that bullet point, that there was --  2       there were unclear requirements with lack  3       of guidance relative to "know your  4       customer" obligation?</p> <p>5       A. Okay. So the way the  6       statute is written, it was not specific  7       for a particular customer to determine  8       whether an order could be, you know,  9       deemed suspicious. And that was the --  10       so it was not specific. It was -- it was  11       a very broad, very general requirement.</p> <p>12       Q. Do you recall in any of the  13       letters received in 2007 or 2006 a  14       guidance from the DEA about what are some  15       of the things that are deemed to be red  16       flags or anomalies that need to be  17       investigated for the "know your customer"  18       obligations?</p> <p>19       A. I recall that they -- there  20       was a -- you know, in the letter there  21       was some guidance offered.</p> <p>22       Q. Okay. And again the date of  23       this is November of 2009. By this point  24       you said you were a member of the HDMA.</p>	<p>1       I just want to sort of go through. Do  2       you recall looking at this timeline in  3       preparation for today?</p> <p>4       A. Yes.</p> <p>5       Q. All right. So in this slide  6       that you prepared for this presentation,  7       you have that the suspicious order  8       monitoring project started in September  9       of 2007. Is that the beginning of the  10       implementation of the Buzzeo  11       recommendations?</p> <p>12       A. No.</p> <p>13       Q. What is that date?</p> <p>14       A. I'm not -- I'm not -- I'm  15       not recalling what that date signifies.</p> <p>16       Q. Shaun Abreu testified in  17       this case as the person designated by  18       Henry Schein to speak for the company  19       relative to the suspicious order  20       monitoring program in place. To the  21       extent that his -- that he has a  22       recollection of this and -- and what it  23       signifies, at least at this stage, given  24       your -- your current memory, would you</p>

<p style="text-align: right;">Page 74</p> <p>1 defer to his testimony, his memory?</p> <p>2 MR. McDONALD: Object to the</p> <p>3 form.</p> <p>4 THE WITNESS: Would I -- I</p> <p>5 just want to make sure I</p> <p>6 understand the question.</p> <p>7 Would I defer to his</p> <p>8 recollection?</p> <p>9 BY MR. MIGLIORI:</p> <p>10 Q. He's testified and was</p> <p>11 designated by Henry Schein as the person</p> <p>12 who will speak for the company, not just</p> <p>13 for himself --</p> <p>14 A. Okay.</p> <p>15 Q. -- on what these dates</p> <p>16 signify. You have not reviewed that</p> <p>17 testimony, have you?</p> <p>18 A. No.</p> <p>19 Q. All right. And as you sit</p> <p>20 here today, you personally don't have any</p> <p>21 information about what the suspicious</p> <p>22 order monitoring project start date</p> <p>23 means, is that fair to say?</p> <p>24 A. Correct. I don't.</p>	<p style="text-align: right;">Page 76</p> <p>1 immediate. It was -- it was -- it says</p> <p>2 here, "Restrictions set up to prevent</p> <p>3 accounts from ordering products not</p> <p>4 normally used in their practice." So</p> <p>5 that's -- that was implemented. I</p> <p>6 would -- I would agree that it was</p> <p>7 implemented as stated here on the slide.</p> <p>8 MR. McDONALD: You okay?</p> <p>9 THE WITNESS: It just went</p> <p>10 down the wrong pipe.</p> <p>11 (Document marked for</p> <p>12 identification as Exhibit</p> <p>13 Schein-DiBello-6.)</p> <p>14 BY MR. MIGLIORI:</p> 
<p style="text-align: right;">Page 75</p> <p>1 Q. This is your slide, but you</p> <p>2 just don't recall as you sit here today?</p> <p>3 A. I don't recall what that</p> <p>4 project start date means.</p> <p>5 Q. Okay. In November of 2007,</p> <p>6 in your slide, it says, "Restrictions set</p> <p>7 up to prevent accounts from ordering</p> <p>8 products not normally used in their</p> <p>9 practice."</p> <p>10 Do you recall a</p> <p>11 recommendation of Buzzeo or Dendrite,</p> <p>12 whatever the name was at the time, that</p> <p>13 there be an immediate standard operating</p> <p>14 procedure to prevent certain accounts</p> <p>15 from getting products based on practice</p> <p>16 type?</p> <p>17 A. I don't recall that specific</p> <p>18 recommendation.</p> <p>19 Q. Okay. But you put this in</p> <p>20 your slide presumably because there was a</p> <p>21 decision in November of 2007 to put in an</p> <p>22 immediate restriction on certain</p> <p>23 accounts, correct?</p> <p>24 A. Well, I would -- you said</p>	<p style="text-align: right;">Page 77</p>

 <p>5        A. That's correct.</p> <p>6        Q. All right. And before we 7 take a break, just to get this out of the 8 way.</p> <p>9        You didn't have any 10 responsibilities or interactions with 11 Henry Schein after you left the company, 12 did you?</p> <p>13       A. That's correct.</p> <p>14       Q. I saw that you offered to 15 help in the transition, but once you left 16 the company, you lost -- or you no longer 17 maintained any communications, contact, 18 or interactions with either Henry Schein 19 or Buzzeo with respect to Henry Schein's 20 suspicious order monitoring program, correct?</p> <p>21       A. That's correct.</p> <p>22       MR. MIGLIORI: Why don't we 23 take a break.</p>	<p>1        THE VIDEOGRAPHER: All 2 right. Stand by, please. Remove 3 your microphones. Okay. <p>1 the part of the Controlled Substance Act  2 that governs the distributor's  3 responsibility as it relates to designing  4 and operating a system to disclose to the  5 registrant suspicious orders of  6 controlled substances?</p> <p>7 A. Correct.</p> <p>8 Q. It talks about informing the  9 DEA in the area of suspicious orders when  10 discovered by the registrant. You  11 understood that to be an obligation  12 under -- an obligation of Henry Schein to  13 report suspicious orders when discovered?</p> <p>14 A. Correct.</p> <p>15 Q. And you see that this act  16 was enacted in 1971?</p> <p>17 A. Correct.</p> <p>18 Q. So I assume for all relevant  19 time that you were at Henry Schein, that  20 you understood and appreciated this was  21 the obligation, correct?</p> <p>22 A. Correct.</p> <p>23 Q. You also understood as the  24 director of regulatory affairs that under</p>	<p>1 general welfare of the American people"?  2 Were you aware of that?</p> <p>3 A. Yes.</p> <p>4 Q. And were you aware that in  5 the scheduling of drugs, going back to  6 1970, that the Schedule II drugs were  7 defined as, "A, the drug or other  8 substance has a high potential for  9 abuse"? Did you appreciate that as  10 director of regulatory affairs?</p> <p>11 A. Yes.</p> <p>12 Q. Did you appreciate as  13 director of regulatory affairs that a  14 Schedule II drug was, "A drug or other  15 substance, has a currently accepted  16 medical use in treatment in the United  17 States or currently accepted medical use  18 with severe restrictions"?</p> <p>19 A. Correct.</p> <p>20 Q. Did you appreciate as  21 director of regulatory affairs at Henry  22 Schein that Schedule II drugs -- that,  23 "Abuse of the drug or other substance may  24 lead to severe psychological or physical</p>

<p>1 the Act, "Suspicious orders include  2 orders of unusual size, orders deviating  3 substantially from a normal pattern, and  4 orders of unusual frequency," that that  5 was the definition in part of suspicious  6 orders?</p> <p>7 A. Correct.</p> <p>8 Q. As director of regulatory  9 affairs at Henry Schein, you also  10 appreciated that under that same act,  11 Congress made certain findings about  12 controlled substances? Were you aware  13 that there were certain findings,  14 congressional findings about controlled  15 substances?</p> <p>16 A. I don't recall the specific  17 findings.</p> <p>18 Q. Did you appreciate, while  19 you were director of regulatory affairs  20 at Henry Schein, that, "The illegal  21 importation, manufacture, distribution  22 and possession and improper use of  23 controlled substances have a substantial  24 and detrimental effect on the health and</p>	<p>1 dependence"?  2 A. Yes.</p> <p>3 Q. And did you appreciate while  4 you were director of regulatory affairs  5 at Henry Schein that opioids were  6 Schedule II drugs?</p> <p>7 A. Yes.</p> <p>8 Q. At some period of time,  9 hydrocodone was a Schedule III drug --  10 actually, were you aware of the fact that  11 hydrocodone was a Schedule III drug  12 during the time that you were director of  13 regulatory affairs at Henry Schein?</p> <p>14 A. I don't recall.</p> <p>15 Q. I was going to go through  16 some documents chronologically that have  17 your name.</p> <p>18 (Document marked for  19 identification as Exhibit  20 Schein-DiBello-9.)</p> <p>21 MR. MIGLIORI: 7 Q. Before we get to the 8 document, what was in place at the time 9 that you started for controlled 10 substances? 11 A. When I started as director 12 of regulatory? 13 Q. Yeah. 14 A. My recollection is that 15 there was a suspicious order monitoring 16 system in place to ensure that we 17 detected suspicious orders and reported 18 them accordingly. 19 Q. That system in place was a 20 system that was day-to-day managed by the 21 verifications department? 22 A. Verification department had 23 a primary responsibility for that. 24 Q. Okay. And when you first</p>	<p style="text-align: right;">Page 96</p> <p>1 establish any definitions of what is a 2 pended order? 3 A. No. When I -- when I took 4 over the group -- 5 Q. At the beginning. 6 A. At the beginning, no. 7 Q. And did regulatory affairs 8 have any responsibilities with respect to 9 the due diligence performed when 10 onboarding a new customer at the time 11 that you started? 12 A. At the time that I took 13 over, no. 14 Q. Did regulatory affairs have 15 any responsibilities with respect to 16 "know your customer" obligations of an 17 existing customer of Henry Schein when 18 you took over as director? 19 A. I don't recall. 20 Q. Is it fair to say that 21 relative to the suspicious order 22 monitoring program that existed when you 23 took over as director of regulatory 24 affairs, that your department was there</p>
<p style="text-align: right;">Page 95</p> <p>1 got there, do you recall who was 2 responsible for verifications at the 3 time? 4 A. I don't recall who was 5 responsible for verification at that 6 time. 7 Q. What, if any, 8 responsibilities did your department have 9 relative to the suspicious order 10 monitoring program in place when you 11 became director of regulatory affairs? 12 A. My team would get involved 13 when they had questions that the 14 verifications group were not sure how to 15 handle. 16 Q. Did regulatory affairs set 17 any thresholds at that time when you 18 first started as director? 19 A. No. 20 Q. Did regulatory affairs 21 establish any definitions of what is a 22 suspicious order? 23 A. No. 24 Q. Did regulatory affairs</p>	<p style="text-align: right;">Page 97</p> <p>1 as a resource to verifications when they 2 chose to use it? 3 A. Yes. 4 Q. Otherwise, the suspicious 5 order monitoring program, to the extent 6 it existed when you started as director, 7 was managed, implemented, audited by the 8 verifications team? 9 A. There's several parts to 10 that question, all right. So managed by 11 the verification team, that's -- that was 12 their primary responsibility. 13 Implemented, yeah, I guess 14 they would implement their, you know, 15 procedures and practices. 16 Audited by the verification 17 team, I don't recall. 18 Q. Okay. You've had a 19 recollection that Buzzeo was already in 20 place as a consultant for the suspicious 21 order monitoring program at the time that 22 you took over as director, is that -- do 23 I remember that correctly? 24 A. So Buzzeo was a consultant,</p>

<p style="text-align: center;">Page 98</p> <p>1 for all things DEA, when I took over.    2 Q. Okay.    3 A. Including the SOM.    4 Q. Okay. So were you aware of    5 any audits at the time that you took over    6 as director that were being performed by    7 your department of the suspicious order    8 monitoring program?    9 A. Audits? I don't recall    10 audits.    11 Q. Do you recall whether Buzzeo    12 had already or were in the process of    13 doing any audits of the suspicious order    14 monitoring program when you became    15 director?    16 A. I don't recall.    17 Q. As you sit here today, is    18 your first recollection of a change in    19 the existing suspicious order monitoring    20 program that you inherited when you    21 became director, the first change of that    22 was the change that we saw in the    23 timeline, that is, at the end of 2007,    24 beginning of 2008?</p>	<p style="text-align: center;">Page 100</p> <p>1 order monitoring program at Henry Schein    2 that you can recall?    3 A. I can -- I can't recall    4 specific changes. But I recall that it    5 was a -- it was an ongoing evolutionary    6 process.    7 Q. Okay. And was that    8 evolutionary process being managed by    9 regulatory affairs or by the    10 verifications department?    11 A. It was a collaborative    12 effort --    13 Q. Okay.    14 A. -- where both teams worked    15 to continuously, you know, review and    16 monitor the -- the process.    17 Q. And what role did you play,    18 if any, in that process?    19 A. My role as the director was    20 to provide the resources and support for    21 the verifications team, to make sure that    22 Sergio and his team, the regulatory team,    23 would be able to support the    24 verifications group.</p>
<p style="text-align: center;">Page 99</p> <p>1 A. The first change?    2 Q. The first change in the    3 suspicious order monitoring program, yes.    4 A. 2007 being the first change,    5 is that the question?    6 Q. No. Let me repeat it.    7 You became director sometime    8 before 2007.    9 A. Yes.    10 Q. I assume we are talking    11 about a matter of two, three, or    12 four years.    13 A. I would say probably more    14 than that. I would say closer to 2000,    15 2001, '2. The early 2000s --    16 Q. Okay.    17 A. -- when I became --    18 Q. From 2002 until 2007 when    19 you first -- the first date you put on    20 the SOM project in the timeline we    21 discussed there --    22 A. Okay.    23 Q. -- were there changes made    24 to the suspicious order -- suspicious</p>	<p style="text-align: center;">Page 101</p> <p>1 Q. And do you recall any ways    2 in which Sergio and his team supported    3 the verifications group in the time frame    4 from 2002 to 2007 specifically to change    5 the system? Do you recall anything    6 specifically?    7 A. I don't recall anything    8 specifically. But I know that there --    9 there are a lot of meetings, and a lot of    10 interaction and a lot of discussion about    11 the suspicious orders monitoring system.    12 Q. Did you participate in those    13 discussions?    14 A. Yes.    15 Q. Were there regular meetings    16 in that time frame?    17 A. There were meetings. There    18 were -- there were lots of meetings with    19 the verifications group and the IT group.    20 Q. Okay. And when did -- when    21 did the -- did you -- strike that.    22 In those meetings, was it    23 the verifications department that was --    24 that was relying on Sergio Tejeda's team</p>

<p>1 for regulatory support?</p> <p>2 During that period of time</p> <p>3 was it the verifications team that was</p> <p>4 operationally implementing the system?</p> <p>5 MR. McDONALD: Object to the</p> <p>6 form.</p> <p>7 THE WITNESS: During that</p> <p>8 time was the verification team</p> <p>9 implementing the system, the</p> <p>10 suspicious order monitoring</p> <p>11 system?</p> <p>12 BY MR. MIGLIORI:</p> <p>13 Q. Yeah.</p> <p>14 A. Yes. They -- they -- the</p> <p>15 verifications team implemented the</p> <p>16 system. It was -- yeah.</p> <p>17 Q. What resources or support</p> <p>18 would Sergio Tejeda be giving to them in</p> <p>19 that time frame?</p> <p>20 A. The support would be</p> <p>21 regulatory technical support in the form</p> <p>22 of helping them to decide, for example,</p> <p>23 if this order was suspicious or not.</p> <p>24 If this -- you know, at some</p>	<p>1 question. So there was -- there was --</p> <p>2 again, you know, we had a constant</p> <p>3 interaction with him on a regular -- not</p> <p>4 a regular, you know, daily basis, but on</p> <p>5 an occasional basis when we had a</p> <p>6 question about a DEA issue or a</p> <p>7 suspicious order monitoring -- suspicious</p> <p>8 order.</p> <p>9 Q. Okay. Let me show you</p> <p>10 Exhibit 9 that I've already given you.</p> <p>11 This is an e-mail that was copied to you.</p> <p>12 When you deal with -- deal with e-mails,</p> <p>13 you start at the bottom and go up.</p> <p>14 A. Okay.</p> <p>15 Q. That's the way the chains</p> <p>16 work.</p> <p>17 But this is January of 2007.</p> <p>18 And it's from Donna Remondino to you and</p> <p>19 others. At that time what did Donna</p> <p>20 Remondino do?</p> <p>21 A. Donna worked in the</p> <p>22 verifications group.</p> <p>23 Q. She wrote to you and said,</p> <p>24 "Trib called."</p>
Page 103	Page 105
<p>1 point in time, there was a lot of</p> <p>2 activity and support with the consultant,</p> <p>3 Buzzeo. So that's another form of</p> <p>4 support between Sergio and the</p> <p>5 verification team.</p> <p>6 Q. Was it the regulatory</p> <p>7 affairs department that retained Buzzeo,</p> <p>8 that chose to retain Buzzeo?</p> <p>9 A. The regulatory team was the</p> <p>10 primary interface with -- with Buzzeo and</p> <p>11 made the decision to -- to retain Buzzeo.</p> <p>12 Q. Other than what we saw</p> <p>13 today, which referenced 2007-2008 as the</p> <p>14 suspicious order monitoring program</p> <p>15 designed in conjunction with Buzzeo, are</p> <p>16 you aware of any other Buzzeo changes to</p> <p>17 the suspicious order monitoring program</p> <p>18 prior to 2007?</p> <p>19 A. I'm not aware of specific</p> <p>20 changes, but I recall that the -- the</p> <p>21 Buzzeo engagement occurred before 2007.</p> <p>22 And again, I would -- I would -- you</p> <p>23 know, I would call Buzzeo, Sergio would</p> <p>24 call Buzzeo any time there was a</p>	<p>1 Who is Trib?</p> <p>2 A. Trib is a programmer, he</p> <p>3 worked in IT.</p> <p>4 Q. Okay.</p> <p>5 A. He's a IT programmer.</p> <p>6 Q. "Trib called to inform me</p> <p>7 that they will be purging the control</p> <p>8 drug files and we will only have access</p> <p>9 to five years of history. I wanted to</p> <p>10 make sure prior to this being done that</p> <p>11 the DEA and state does not require longer</p> <p>12 history on file. I know we get requests</p> <p>13 to pull information longer than five</p> <p>14 years, but I am not sure what is our</p> <p>15 requirement. Trib will wait to do the</p> <p>16 purge on regulatory findings. Thank you</p> <p>17 for your help."</p> <p>18 Do you recall her reaching</p> <p>19 out to you for this issue?</p> <p>20 A. I don't recall the specific</p> <p>21 issue. Again, there were -- there were</p> <p>22 lots of questions between the</p> <p>23 verification and -- and the regulatory</p> <p>24 group.</p>

<p>1           Q. Is this one of the ways in    2 which verifications used regulatory    3 affairs as a resource?    4           A. Yes, yes.    5           Q. In response to that, Sergio    6 Tejeda, who at this point in January of    7 '07 was reporting to you, correct?    8           A. Correct.    9           Q. Sergio responded copying    10 you, saying, "Donna, purging drug files    11 older than five years is acceptable and    12 in compliance with DEA regulations and    13 company policy. For future reference on    14 recordkeeping for controlled substances    15 products, I'm attaching a copy of the    16 corporate record retention policy.    17 Please ensure we maintain controlled    18 substances records accordingly."    19           Do you recall that that was    20 the policy at Henry Schein, to keep    21 controlled substance drug files for five    22 years only?    23           A. I don't recall specifically    24 the five-year policy. But I know we had</p>	<p>1           A. The record retention policy    2 was set by legal.    3           Q. That's -- is regulatory part    4 of legal or is that a separate department    5 completely?    6           A. At what point in time are    7 you referring to?    8           Q. Let's start with 2007.    9           A. In 2007, I don't recall the    10 exact date, but I believe at that time    11 period, regulatory was part of legal.    12 There was a point that regulatory was not    13 part of legal. So there -- there was a    14 transition. When -- when David was    15 reporting to legal.    16           Q. We have been advised that    17 transactional records were purged in    18 2009.    19           Do you recall that being the    20 case?    21           A. Transactional records were    22 purged in 2009?    23           Q. Mm-hmm.    24           A. I don't recall that. I</p>
<p style="text-align: center;">Page 107</p> <p>1           a policy.    2           Q. Do you know why -- do you    3 know why Henry Schein maintained a    4 five-year policy, purpose behind it?    5           A. Do I know why Henry Schein    6 maintained a policy?    7           Q. A five-year --    8           A. Five-year --    9           Q. -- record retention policy.    10           A. No, I don't. I don't know    11 why it was five years.    12           Q. We've talked a lot in other    13 depositions about the -- the databases    14 and the computer systems. At this time,    15 is the JD Edwards, is that the name of    16 the system?    17           A. JD Edwards.    18           Q. Was that in place?    19           A. Yeah, I think that was the    20 name of the system. Sounds right.    21           Q. Did regulatory have any    22 responsibilities with respect to setting    23 the record retention policy or decisions    24 to purge records?</p>	<p style="text-align: center;">Page 109</p> <p>1           don't -- I'm not familiar with that.    2           Q. Were you part of any    3 decision to purge any records that might    4 relate to transactions or DEA reporting    5 requirements in 2009 or at any time?    6           A. No. I was not involved.    7           (Document marked for    8 identification as Exhibit    9 Schein-DiBello-10.)    10 BY MR. 2 Q. Mr. DiBello, let me show you  
3 Exhibit 12. Now, as I understand the way  
4 it worked between regulatory affairs and  
5 verifications, the relationship with  
6 Buzzeo was mostly facilitated through  
7 regulatory affairs, is that fair?

8 A. Correct.

9 Q. And in 2005, you were the  
10 director of regulatory affairs, correct?

11 A. In 2005, I believe I was the  
12 director of regulatory. I don't remember  
13 the exact date when it happened. But  
14 it's -- 2005 seems correct.

15 Q. Okay. And so if Buzzeo did  
16 a report in 2005, then it's something  
17 that you would have at least received, if  
18 not been the recipient of?

19 A. Correct.

Page 140

Page 139

4 Q. And what did you understand  
5 her role to be?

6 A. She was the person that was  
7 going to be our primary point person that  
8 Buzzeo selected for this project.

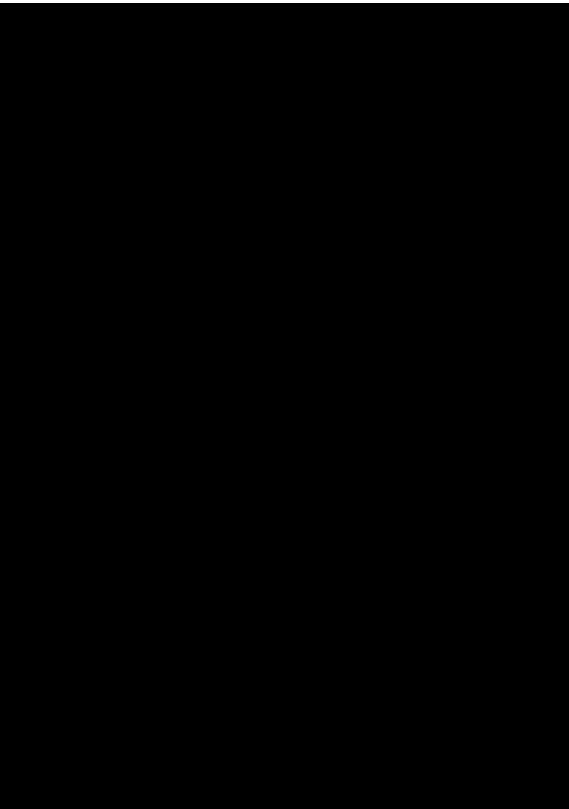

9 Q. Okay. So in 2005, you would  
10 have interacted directly with her as  
11 Buzzeo was reviewing the suspicious order  
12 monitoring procedure and process?

13 A. I don't recall interacting  
14 directly with her. I'm sure I had  
15 probably a meeting with her, but I  
16 wouldn't say I interacted with her on a

9                   Q. Okay. Her fourth finding,  
10                   "Orders that are highlighted as  
11                   suspicious are all investigated. Those  
12                   that are cleared from suspicious status  
13                   are released. Those that are not are

15                   reports are submitted to the appropriate  
16                   field office of the DEA. The first  
17                   report includes those pended orders that  
18                   were cleared from suspicious status. The  
19                   second report reflects those orders that

21                   Did you understand that that

1 Q. Did you understand though in  
2 that practice, that she recommended that  
3 suspicious orders be reported immediately

6 end of the month was inconsistent with

5 Do you understand that that  
6 was the recommendation then, that

19 Q. Is the pharmacy complying  
20 with state laws, not just CSA. That's  
21 another "know your customer" inquiry,  
22 correct?  
23 A. Correct.  
24 Q. And when the word "pharmacy"

Page 167

Page 169

1 appears here, in your practice; that is,  
2 in the Henry Schein model, that would  
3 also apply to doctors, correct,  
4 individual customers, not just  
5 pharmacies?

6 MR. McDONALD: Object to the  
7 form.

8 THE WITNESS: I'm not sure I  
9 would make that assumption.

10 BY MR. MIGLIORI:

11 Q. So you don't look at Henry  
12 Schein, what percentage of a doctor's  
13 ordering from you is controlled versus  
14 noncontrolled?

15 A. I didn't say that. I said I  
16 wouldn't make the assumption that a --  
17 you know, is the pharmacy complying with  
18 laws of every state as the same as  
19 evaluating a doctor's compliance with the  
20 laws of every state.

21 Q. Would the word "doctor" fit  
22 in there for Henry Schein's customers?  
23 Is the doctor complying with the laws of  
24 every state in which it's dispensing

Page 170

1 controlled substances? Is that an  
2 important factor to Henry Schein?

3 A. Yes. Doctor would be --  
4 Q. I'm sorry.

5 A. The doctor compliance. But  
6 we would verify a doctor's license. A  
7 doctor's practice is different than a  
8 pharmacy's operation and their  
9 compliance. That's my only point.

10 Q. It doesn't refer to specific  
11 laws. It just says complying with the  
12 laws of the state. You would expect your  
13 doctors to be in compliance with the laws  
14 of his or her state?

15 A. Absolutely.

16 Q. So these are concepts of  
17 know your customer that were shared with  
18 you that you would have received in 2006  
19 from the DEA, correct?

20 A. Correct.

14                   So were you -- would that  
15                   have been a function of regulatory  
16                   affairs to make sure that Henry Schein  
17                   was in compliance with Ohio reporting  
18                   requirements under the prescription  
19                   monitoring program, the law in the state  
20                   of Ohio for those two years?

21                   A. It sounds like a  
22                   verification report.

23                   Q. So reporting of transactions  
24                   of sale of controlled substances from

Page 315

Page 317

1                   Henry Schein from 2010 to 2012 was the  
2                   function of the verifications department  
3                   and not the regulatory affairs  
4                   department?

5                   A. That's what it sounds like,  
6                   yeah.

7                   Q. And yet this letter is being  
8                   written from the regulatory affairs  
9                   department, correct?

10                   A. That's correct, because  
11                   regulatory would interact with the  
12                   agency. But the actual reporting, just  
13                   like the ARCos and other reports, are  
14                   verification functions.

15                   Q. Okay. And you agree with me  
16                   that reporting is an essential part, is  
17                   an integral report of the effective  
18                   detection and prevention of diversion,  
19                   both at the state and federal levels,  
20                   correct?

21                   MR. McDONALD: Object to  
22                   form.

23                   THE WITNESS: I would agree.
